Open Humanities: A Values-Based Approach

Kath Burton, Routledge, Taylor & Francis
0000-0001-7785-9604

Catherine Cocks, Michigan State Press
0000-0001-6581-4740

Rebecca Kennison, HuMetricsHSS
0000-0002-1401-9808

Judy Ruttenberg, Association of Research Libraries
0000-0002-7978-2708

Candor and Transparency
- Scholars must meet their publics where they are

Accountability
- Who designs and implements the research? Who peer reviews it?

Learning from Failure
- Failure can bolster relationships and make future research possible

Open Process
- Publicly engaged work is messy because it involves multiple, disparate partners

Open Source
- Partners may want control over results that reflect that community’s values and aims
